## Street & Sidewalk Construction Projects 2013– 2015

### A. Binney St – First St to Third St

- Utility construction scheduled to begin: Spring 2013
- New stormwater line, sidewalk and roadway reconstruction, cycle tracks, landscaping and street lighting.

### B. Broadway – Ames St to Third St

- Construction scheduled to begin: April 2013
- Sidewalk and roadway reconstruction, improvements to the Volpe crosswalk, bike lanes and taxi stand, landscaping and street lighting.

### C. Land Blvd – at Binney St

- Construction on-going. Scheduled to be completed: September 2013.
- New stormwater outfall and improvements to existing stormwater system. Street and sidewalks will be reconstructed when the stormwater work is completed.

### D. Longfellow Bridge – MassDOT Project

- Construction scheduled to begin: Spring 2013.
- Bridge restoration, enhanced bicycle and pedestrian access along bridge, Main St repaving from the bridge to Third St and enhanced median plantings.
- Project duration: 3.5 years, with significant traffic impacts. See project website for information:  
<http://www.massdot.state.ma.us/charlesriverbridges/LongfellowBridge.aspx>

### E. Main Street – Ames St to Third St

- Construction scheduled to begin: Fall 2013
- Sidewalk and roadway reconstruction, new connection from Third St to Main St, enhanced tree plantings and street lighting.
